A Remarkable Result.

It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Disease. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives, try just one bottle. Regular size 75 cents. Sold by all Druggists in America. *

A Remarkable Case.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of Druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all Druggists on the Western Continent. *

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanit-plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices. *

DR. JAMES, Broughton St., opposite Council Chambers, can be consulted daily. Of nearly 50 years' extensive practice in England, America, and Australia. He extracts polypus and cancer without the use of the knife when taken in time. Dr. James is the discoverer of a medicine which cures all LOCAL RHEUMATIC PAINS AS SOON AS APPLIED. DR. JAMES is in possession of medicines that never failed to stop and cure DIPTHERIA, SMALLPOX, CROUP and all FEVERS in a few hours. N. B.—Mrs. James, midwife of long experience and successful practice in this city, is open to engagement.

PEACE PROCLAIMED.—After ten years of active warfare! I have been at war with my customers for ten long years, and I am now ready to DYE FOR THEM at reduced rates. Gents' clothes cleaned and repaired; faded curtains and clothing restored and made to appear as good as when new. Customers abroad will not have reason to grumble at prices if they send their articles to T. W. Pierre, tailor and dyer, Yates street, next door to Reynolds' butcher shop. Castoff clothing taken in exchange for work. *

Blank Book Manufactory and Book Bindery.

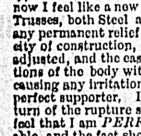

Paper ruled to any pattern. Tickets. Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superceded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared at his premises on Fort Street, and sold by all the principal dealers. *

ANOTHER WONDERFUL CURE

—EFFECTED BY—

California Elastic Truss !

CALIFORNIA ELASTIC TRUSS CO., W. J. Horne, Proprietor—Dear Sir: I feel that I owe it to you and to humanity to write the fact that I have been *SUBSTANTIALLY CURED* of a bad case of rupture of thirty years' standing, by one of your incomparable Trusses, which I purchased from you three months ago. I cannot describe the suffering, both physically and mentally, that I have undergone during that period; and now I feel like a new being. I have worn all kinds of Trusses, both Steel and Elastic, and never received any permanent relief until I tried yours. Its simplicity of construction, and facility with which it can be adjusted, and the ease and perfect freedom to the motions of the body with which it can be worn without causing any irritation, are its chief merits, and it is a perfect supporter. I have not had any sign of a return of the rupture since the first day I put it on and feel that I am *PERFECTLY CURED*. It is invaluable, and the fact should be known to the world. You can refer anyone to me on the subject of its merits. I am truly yours. ALFRED J. BURKE, Chief Mail Clerk S. F. Daily Evening Post, San Francisco, July 20, 1878.

DR. J. COLLIS BROWNE'S

(Ex ArmyMed. Staff),

CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Ward stated that DR. COLILS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr. Browne's.—See "Times," July 12, 1864.

Tee public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures, while medical men extol its virtues most extensively, using it extensively in the following diseases:

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics Coughs, Asthma, Cramp, Rheumatism, Neuralgia, Cough, Hysteria.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See "Lancet," Dec. 31, 1864.

From A. Montgomery, Esq., late inspector of Hospitrls, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen monts severe suffering, and when other medicines had iled.

Dr. Lowe, Medical Missionary in India, reports (Dec., 1865,) that in nearly every case of Cholera in which Dr. Collis Browne's Chlorodyne was administered the patient recovered.

Extract from "Medical Times," Jan. 10, 1866.—Chlorodyne is prescribed by scores of orthodox remodial practioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE, from which frequent fatal results have followed.

Sold in bottles at 1s 1½d, 2s 9d, 4s 6d, and 11s each

CAUTION.—None Genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Of Frank Campbell of Victoria.
He in truthful words will tell you
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker,
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY, would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what your troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

THE NATIONAL POLICY.

The Ottawa *Free Press* has taken to discussing the probable policy of the new Federal Government in a spirit of fairness which is most laudable when we consider that it is committed to the Liberal Party. After referring to the departure of Mr. TILLEY for London our contemporary says: "It is at least doubtful whether he has gone to England as the exponent of a National Policy antagonistic to English interests, though at first sight it may seem difficult to inaugurate a trade policy against the United States which will not discriminate against some of the productions of the Mother Country. We hear it stated that in the matter of cotton manufactures it is not the intention of the new Government to make any alteration in the present tariff of 17½ per cent., though if they put on 20 per cent., little, if any, difference would be made in the amount of cotton staples now imported into Canada from the Lancashire mills. The same may be said to a large extent of the products of Leeds, Oldham, Sheffield, Birmingham, Barrow, and Ebbw Vale—those of the former centres still finding their way into the States in spite of a tariff intended to be prohibitory, as they must continue to come into Canada notwithstanding the payment by the consumer of enhanced duties. If Mr. TILLEY can convince the magnates of the Stock Exchange that the National Policy means nothing more than the protection of Canada from the inroads of American "slaughterers;" and that it does not necessarily imply a shutting out of the products of English looms and foundries in the interest of what are euphoniously called home industries, and that a revenue tariff at least equal to that now raised can be secured, he will probably find his way with comparative ease to the goal of his ambition. But if he went to England as the exponent of a practically prohibitive policy, we doubt whether Lombard street would champion the interests of English manufacturers, if once convinced that by the creation of a home market Canada's paying capacity would be increased. More than one loan has been granted to foreign States—some of them now hopelessly bankrupt—entirely irrespective of their commercial relations with England or other nations. The position of Canada as a borrower must always inspire more confidence than that of Turkey or Egypt or the South American republics, which have swallowed up untold millions of English money, but which still succeed in effecting loans in the English market." In conclusion, the *Free Press* says: "Considering vast importance to be attached to the management of our finances at a time when the country is committed to large expenditures, we think all will rejoice if Mr. TILLEY's mission is attended with success—for on such success, as indicating the confidence of capitalists in our future, will depend our ability to fulfil the obligations entailed upon us and the permanent consolidation of the institutions which give form and substance to the national life."

EUROPE.

PARIS, Dec. 2.—The Franco-American meeting was held to-day in the circus Champs Elysee. Professor La Boulaye, M. Goscar de LaTayeth, Consul Fenton, Minister Noyes and the secretary of American legation were present. Senator Toncha de Cariel presided and read a letter from De Boot, minister of commerce, regretting he was unable to occupy the chair and declaring he would always sympathize with efforts to draw closer the bonds of friendship between the two great republics of the world. The chairman, in the course of his remarks, said the Americans are our seniors in the practice of liberties, but lack one most precious, namely, liberty of commerce.

LONDON, Dec. 3.—At a meeting of operatives in Oldham on Saturday, over 3000 being present, it was unanimously resolved not to submit to a reduction. A meeting of masters on Friday was equally determined. There are now 15,000 persons idle.

LONDON, Dec. 2.—Official correspondence between England and Russia relative to Central Asia is published. M. Voulsiers, assistant minister of foreign affairs, July 3, 1878, informed Lord Augustus Loftus, British ambassador at St. Petersburg, that neither the Russian government nor Gen. Kauffman has ever sent or intended to send a representative to Cabul. He subsequently said it was possible that Gen. Kauffman might have sent a letter and he gave an assurance of the stoppage of all military and political precautions which were taken against England when her relation with the Russians were strained. On August 19th, Lord Salisbury being informed of the approach of Russian troops to the frontier of Afghanistan, and of the Russian mission to the Ameer, expressed the hope that the mission would be immediately recalled. The Russian minister of foreign affairs declared he was ignorant of the mission, which had been sent by Gen. Kauffman on his own responsibility. England replied that even if so the minister of foreign affairs was responsible. M. Voulsiers writes under date September 9th that Russian dispositions in Cabul, Asia, had been affected by the relation between England and Russia during the late Eastern crisis; but that these dispositions are now the same as formerly and not of the nature to excite the suspicions of England.

MADRID, Dec. 2.—The council of ministers have decided to expel all foreigners belonging to the international society from Spain.

INDIA.

LAHORE, Dec. 2.—Major Cavagnari officially reports all quiet in the upper part of Khyber Pass, and he hopes to soon disperse the band collected in the lower part. Many members of the band have already left.

LATER—Another strongly escorted convoy has been attacked. Its assailants were, however, driven back and it is believed the convoy has arrived at Ali Musjid. It was reported the Ameer had considerably reinforced the troops at Jellalabad. The viceroy, however, telegraphed a report that the treasure and ammunition have been withdrawn from that city.

FLANNELS — White and Scarlet, Fine and Stout—the best value ever offered.

Court of Assize.

[Before Mr. Justice Crease and Mr. Justice Gray.]

TUESDAY, Dec. 3d.

SENTENCE PASSED ON THE PRISONERS.

The Court resumed sitting at 1 p.m. yesterday when Mr. Justice Crease commenced to pass sentence on the prisoners convicted during the Assizes. The first prisoner whose name was called was

EDWARD F. CUMMINGS,

Found guilty of larceny on board the steamer Isabel, having stolen the sum of $167 from a reticule belonging to Mrs. S. A. Dale, a passenger.

The prisoner had nothing to say why sentence should not be passed on him, but hoped His Lordship would take into consideration the fact that he had been in prison awaiting trial for some months.

His Lordship said he would do so and sentenced him to 2 years and 3 months' hard labor in the penitentiary, to count from date of committal. It was to be regretted that a man of his apparent intelligence had placed himself in his present position.

WILLIAM TRETCHET,

Who pleaded guilty to larceny, said that he was tipsy at the time he committed the offence or he would not have done so. The liquor was given to him by friends of his on board the Princess Royal.

His Lordship said it grieved him to see so young a man, with a good, honest looking face in the prisoner's position which might be attributed to the use of intoxicating liquor. He would remind the prisoner that his conduct in gaol would have much to do with shortening his term of imprisonment. The sentence of the Court would be 1 year's imprisonment with hard labor.

AH GHEE,

A Chinaman, found guilty of stealing a watch and chain, the property of Hy. Spofford, was sentenced to 1 year's imprisonment with hard labor.

THOMAS STARK,

Who pleaded guilty to stealing a gold watch and chain, a locket, a piece of gold, etc., the property of Jos. H. King, said that he had already lain 5 months in gaol; that at the time of the offence he was not in his sound mind and that he had returned the watch to the police. He threw himself on the mercy of the Court.

His Lordship said that the prisoner had violated the confidence of his employer; had charged four innocent men with the larceny and in other respects had lied about the matter. The extenuating circumstances were light as compared with the former cases and the sentence of the Court would be 2 years' imprisonment with hard labor, to count from date of committal.

AH POW,

A Chinaman, found guilty of stealing boots and shoes, the property of his employer, Mr. W. Heathorn, was sentenced to two years' hard labor.

DANIEL RYRIE,

Found guilty of feloniously receiving a ring the property of J. McMillan, knowing it to have been stolen, had nothing to say.

His Lordship said it was fortunate for the prisoner he had not been found guilty of actually stealing the ring. He regretted to see the prisoner, who came to this country well recommended, in his present position; but there was no mitigating circumstance in connection with the offence and the sentence of the Court was that he undergo 1 year's imprisonment with hard labor.

KITTY,

An Indian woman, found guilty of stealing $20 from the person of James Brown.

His Lordship said he had received a certificate from Dr. Helmcken that the woman was in very ill health and was not likely to live much longer. Taking into consideration the degrading circumstances of a white man associating himself with the prisoner in the manner he did and the fact that the man recovered his $20, and making allowance for the statement that the prisoner appeared to be dying, the sentence of the Court would be 24 hours' imprisonment.

AH LOON,

Who pleaded guilty to wounding one Dick Shay with intent to do him grievous bodily harm, was sentenced to one year's imprisonment with hard labor, his lordship remarking that the attack did not appear to have been serious.

TOBY,

An Indian, found guilty of manslaughter, having killed an Indian woman named Nat-Kai-Suk, at Barclay Sound on Feby. 25th last.

His Lordship said he understood that money had been paid by the prisoner to some professional man to defend him during his trial, but that no one for the defense had appeared. He was informed that a case before the court would arise out of the matter.

In reply to his lordship why sentence should not be passed on him, the prisoner, through interpreters, stated that he had killed the woman because she had given one of his children salmon with poison in it, from the effects of which the child died. On a former occasion she had given another of his children flour with poison in it and that child had also died soon afterwards.

His lordship informed the prisoner that Indians are not permitted to take one another's lives. That if it had been proved that the woman had poisoned his children the law would have taken her life and thus spared him (the prisoner) the punishment he would now have to suffer. The sentence of the court would be five years' imprisonment with hard labor, but if the verdict had been "guilty of murder" he might have had to forfeit his life.

JACOB,

An Indian, was then brought up for sentence, having been found guilty of "wilful murder" for killing an old Indian man at Barclay Sound on June 15th last.

The prisoner said that he had been drinking deeply on the day in question and that he remembered nothing of what took place.

His Lordship said that he understood in this case also the prisoner had paid money to a professional man to defend him during the trial, yet no one had appeared for his defence. The learned judge desired to inform the prisoner that the authorities at Ottawa would be made acquainted with this fact and that it possibly might have some effect in staying the sentence of death which the law required should be passed on him. An investigation would be held as to the payment of the money to the person or persons for the defence of the prisoner, and the result of that investigation would also be made known to the central government. It was his Lordship's duty, however, to pass the sentence of death; but he desired to inform the prisoner that in any event it would not take effect until a reply had been received from Ottawa.

The sentence of death was then passed.

The prisoner expressed a desire to see his friends and several white men by whom he has been employed on the coast and in this city.

RUDOLPH SALMON,

Found guilty of feloniously wounding one George Bedford, threw himself on the mercy of the Court and his Lordship having reviewed the circumstances of the cutting, said there was nothing the Court was so determined to put down with a strong arm as the use of the knife and the pistol. Taking into consideration, however, the provocation the prisoner had received from Bedford, who struck him a heavy blow in the face first, the sentence of the Court would 18 months' hard labor.

ANTONIO MESSINI,

Who pleaded guilty of unlawfully wounding and cutting a man named Sills, was next brought up.

Mr. McElmen addressed the Court on behalf of the prisoner, and stated that before this unfortunate affair the prisoner had never been known to take part in a fight or any disturbance. He bore an excellent character until the day in question and would not then have committed the crime had liquor not been placed in his way, from the effects of which he became crazed.

The learned judge reviewed the circumstances in connection with the case and taking into consideration the statements as to former good character, sentenced the prisoner to two years' and six months' imprisonment in the penitentiary.

Sentence on the prisoner Smallbone was deferred in order that the Court may hear argument by the learned counsel for the defense on a legal point, and the Court adjourned until Thursday next at 10 a.m. at which hour the Grand Jury are notified to be in attendance. Petty Jurors are notified to attend on Thursday morning at 11 o'clock.

Theatre Royal.

We are glad to hear that the engagement of Miss Augusta L. Dargon promises to be successful as the advance sale of seats indicates. We have been promising the amusement-loving people of Victoria a great treat in the appearance of this actress and we feel sure she will not disappoint them. Her position in the profession is deservedly a high one. In personal appearance she is everything that the most critical can desire. She has a voice susceptible of rendering the most tender passages of love, or the most terrible utterances of hatred; she has a face that is a mirror, which can, at will, reflect the sentiments or feelings within, even though she speak not a word; she has also youth, industry and application. The house will be crowded, not only on account of this great actress, but also on account of the high character of the play.

U. H. & L. Co.—At a regular meeting of this company held last evening, Mr. W. H. Huxtable was elected to fill the vacancy in the Board of Delegates caused by the decease of Mr. W. G. Reynolds.

OVERBOARD.—A young man fell asleep on Spratt's wharf yesterday morning, and dreaming that he was amphibious, tumbled into the harbor. He was fished out by the watchman.

NATURALIZED.—Messrs. Geo. Steitz, J. P. Pelletier and James Shields took out their papers of naturalization before Hon. A. F. Pemberton, County Court Judge, yesterday.

Workingmen's Protective Association.

A meeting of this society was held Monday evening at Temperance Hall, Yates street. The Secretary read a communication from the Mayor and Coun. Turner regretting their inability to be present at the meeting. A collection having been made to defray expenses of gas, &c., the chairman then explained the object of the society. A password had been adopted, not to make the society a secret body, but to prevent a certain class disturbing the meetings. A petition had been circulated and received over 1000 signatures, which would be presented to the Dominion Government to ask their aid to the society. The petition had also been circulated throughout the country. Two agencies had been established in the city, one at Mr. Harrison's and one at Mr. Whitly's, and through them some sixty persons had found employment and all who might wish for employment would do well to leave their names at those offices.

Mr. W. Wilson, having been called on to address the meeting, said he was of opinion that the Chinese were an evil. The circulating of the petition by the society he considered a very wise move as all action with reference to the Chinese must emenate from the Canadian Government; but he was afraid, judging from the papers in Canada, that this country had very uphill work before them, as people there thought cheap labor the best thing for a country. He was of opinion that the City Council would do well to pass a cubic foot ordinance similar to that in California and they might put a heavy tax on wash-houses.

Hon. Mr. Beaven next addressed the meeting on the same question, which he considered was but in its infancy, and therefore required to be dealt with at once. He next reviewed the position of the Provincial Government in this matter, showing that they have little or no power and it therefore devolves on the people themselves to draw up petitions and have them presented at Ottawa. As to the Chinese he said they were a united people and the only way to get at them was through their six companies, and if they could do this, then he thought the evil could be remedied without going to Canada; but it required that all should unite and that lawyers should refuse to take their retainers.

Mr. J. W. Williams spoke in favor of employing white labor in Municipal and Governmental contracts to the exclusion of the Chinese and that if this were properly carried out the Chinese would soon stop coming here. The Municipal Council were doing their best, but the chief magistrate was in favor of Chinese and so was a drawback to their legislating against them. The courts, judges, and lawyers were all in favor of Chinese, and he only wished they had tails and then the country would put them out.

Mr. Dalby then made a few remarks on the subject. He said the Chinese were an evil and should be got rid of. With reference to the Belmont Tannery Co. all he could say was that they must either employ Chinese or close the store; this was mainly on account of the competition with San Francisco, but he hoped the day would come when they would have a protective tariff here and the company would then be better able to employ white labor.

The chairman then stated that the association had started two laundries and were going in for growing vegetables, and he hoped they would soon start a newspaper.

Mr. Wilby of Esquimalt was then called upon and addressed the meeting, complimenting the Society on the number of its members and the object they had in view. He spoke strongly in favor of starting home manufactures. The action of Judge Gray in dealing with the Chinese Act he characterized as a mistake, as he had no right whatever to deal with it.

The chairman mentioned that besides the Mayor Couns. Todd and Redfern were in favor of the Chinese.

The Vice President and Mr. Seeley then made a few remarks on the evil under discussion.

In answer to questions, Coun. Williams said the Council had given orders to stop Chinese working on Sunday; also that the police had orders to stop the Chinese carrying baskets, etc., on the sidewalks.

A vote of thanks was then tendered to the speakers and the meeting terminated.

ENTERTAINMENT.—The musical and literary entertainment given last evening at Broughton street school-house was more numerously attended than any of the series that has yet taken place. The building was filled to overflowing, standing-room being scarcely obtainable. Mr. Hy. Short rendered two songs—one being "When Other Lips"—admirably and was warmly applauded. Mr. R. B. McMicking sang "Maid of Athens" in good style and duets were given by the Misses King and Misses Bowden. A song, "The Flag of Old England," was very pleasingly sung by Master Ward, a young gentleman with a clear soprano voice, the Misses King joining him in the chorus Mrs. Thos. Russell and Mr. Rendell also took part in the vocal portion of the programme. Recitations and reading were allotted to Messrs. Davies, Leighton, Cran and A. Gray, and a musical selection on the piano was given by Miss Holloway. These entertainments are fast growing in popularity.

INDIAN MISSION CHURCH SOCIAL.—A social and tea was held at the Indian Mission Church last evening. About 200 sat down to tea which had been provided by white friends of the congregation. After tea Rev. W. Pollard presided, and remarks were made by Messrs. W. McKay, Humber, Moody, Shakespeare and Pollard. The speaking was interspersed with singing by the choir, composed of native voices, which sang very nicely. After a few congratulatory remarks by Dr. Powell, Superintendant of Indian Affairs, the meeting dispersed with the doxology and benediction.

RELEASED.—The goods consigned to R. Haggerty, which were seized by the Customs authorities at this port some weeks ago for an alleged infraction of the revenue laws, have been released, with the exception of the goods on which duty was not paid, the value of which exceeds $200. The magnificent furniture comprised in the released invoice will be sold by auction as soon as set up.

AT PETROPAWLOWSKI.—John Malowanski, formerly of this city, is at Petropawlowski, in business, and getting rapidly rich.

LAW COSTS.—An extra *Gazette* published yesterday, announces some very important reductions in the scale of law costs.

TUESDAY, Dec. 3d.

Thos. Nicholson vs. Ed. Sewer—An action to recover balance of account for goods supplied, rent, &c.

Judgment for plaintiff in the sum of $10 and costs.

ENCOURAGING FOR COAL MINERS.—The San Francisco *News Letter* of the 30th November has this encouraging paragraph of interest to this Province:

"*Coal*—Imports of bituminous are light and the stock small, and prices favor the buyer. This is a great help to the Seattle (W.T.) mines, and to the Wellington-Nanaimo mines, and will enable these mine owners' to find a market, at good prices, for all they can get to market this winter."

A vast improvement may be looked for in East Coast interests almost immediately.

ARRIVAL OF THE MAIL STEAMSHIP.—The mail steamship Dakota, Captain H. G. Morse, 68 hours from San Francisco, reached Esquimalt at 9 o'clock yesterday morning. She brought 112 tons of freight and 40 passengers for Victoria. The regularity of the Dakota's "time" is very remarkable—a railway schedule being the only other mundane thing that can compare with her trips.

THE steamer Wilson G. Hunt left at 8 a.m. yesterday for New Westminster with the following passengers: E. Dickinson, J. Jackson, C. Marwick, Sterling, Laidlaw, Tingley, Hamilton, Fraser, Robson, Johnson, Tippen, Russell, J. Chadsey, Mrs. Ward, Mrs. Wise, G. W. Short, Dow, Rider, Shannon, Moore, Jones, Sargeson, 50 Chinamen and 35 tons of freight.

SCOTCH HOUSE.—Mr. W. T. Gardner, who served his time with Messrs. A. McLean & Co. of the Scotch House, Fort street, returned by the steamship Dakota, having accepted a re-engagement with McLean & Co. Since leaving Victoria Mr. Garnder has been chief salesman in a leading San Francisco furnishing goods house.

THANKSGIVING DAY.—To-day having been set apart by Vice-regal proclamation as a day of general thanksgiving, divine service will be held at the churches at 11 a.m. and 3½ p.m. It is understood that the business houses will close after 11 o'clock.

THE steamer Olympia left at 8 a. m. yesterday for New Westminster with the mails and the following passengers: Mrs Parmeter, Mrs Gray, Col. Houghton, Rev. R. H. Smith, Capt. Hicks, Messrs. McKee, Wm. Clark, L. Fee, Oliver McTaggart, S. Chiefer, H. Johnson and N. Woodward.

THE steamer Maude left at 7 a. m. yesterday for Nanaimo with the mails and the following passengers: Mrs Fuller, Sir M. B. Begbie, Rev. Mr. Jenns, Captain Sturt, and Messrs. J. Skinner, E. Harrison, J. Nicholson, H. Fry, J. Morley, J. Ford, Lamb, McLaren, S. Evans, Cregan, W. Beaumont, and several others.

BARK ANTIOCH.—The contract for unloading a portion of the cargo of this vessel has been awarded to Mr. R. Brodrick.

CITY COUNCIL.—The regular weekly meeting of this body will be held to-morrow instead of this evening.

J. P.—Alexander Mackenzie, Esq., is appointed Justice of the Peace for Queen Charlotte Island.

THE Local House is called for dispatch of business on January 29th next.

A Nova Scotian Mystery.

[From the Amherst, N.S., Borderer.]

Running in a southerly direction from Church street, Amherst, and parallel with Main street, is a thoroughfare which leads in the direction of the railway station. A short distance below Church street corner is the house occupied by Mr. Daniel Teed, a respected resident of the town, who holds a position in the Amherst Shoe Factory. The house is an ordinary two-story dwelling. In the rear is a barn, to which we shall refer. The occupants of the house are Mr. Teed, his wife and infant, Miss Esther Cox, and Miss Jane Cox. The last named are sisters of Mrs. Teed, and are young women past twenty years of age. Miss Esther is the central figure in the story. Her health has been good, and she has lived until recently undisturbed by mysterious influences, and in ignorance of the theories or practices of spiritualistic mediums. The first indication of anything unusual was a mesmeric trance, by which she was overcome during her early illness, eight weeks ago. One night she retired to bed with her sister Jane, and scarcely had she done so when a noise was heard in a pasteboard box, containing scraps of cloths, which was under the bed. Little attention was paid to this, as it was supposed to be the work of a mouse, nor were the girls much disturbed when they heard it in the straw of the ticking. They went to sleep and their slumbers were not interrupted. On the following night they again retired, and again the mysterious noise was heard. This time it was of a more positive character, for the box was violently overturned. Much alarmed, the sisters called their brother, who responded to their call, righted the box, placed the cover on it, and set it in the middle of the floor. The effect was most surprising, for not only was the box again overturned, but the cover flew through the air and landed on top of the table. As often as the test was made, so often did the same result follow, and as was natural enough, much alarm was felt at these extraordinary manifestations. The unknown (we hardly know the term to apply to it) now entered upon its work in earnest, and for four nights it continued its freaks, varying its method of each occasion. When the girls went to bed, it would seize the quilts and drag them to one corner of the bed, pillows would be pulled from under Esther's head by the invisible influence, and with such force was this done that she was unable to hold on and prevent the articles moving. Strange rapping were next heard in various places where Esther was, and during the day as well as night. Mr. John White went to the house one morning and as Esther went out to the barn a terrific pounding which is described as resembling a hundred fifty-six pound weight falling in succession on the roof, commenced at once, and continued until Esther ran back to the house. This pounding has always been loud when she has gone to the barn, but it has been fully as loud around the house. When Esther goes into the cellar it sounds aa if a colossal fist were pounding on the beams with the fury of a demon. In order to test Esther's good faith, her hands have been tied behind her back, but the pounding was instantaneous and as loud as before. Other persons have accompanied her and have satisfied themselves that the noise was made by no human agency visible to mortal eye. Sometimes the pounding is in one room and sometimes in another. It is as heavy as the blows of an axe would be, but has more of a dead sound as if it were a flesh-covered fist. Rapping commenced in the early history of the case. It resembles a drumming on a board with the fingers and nails of a person's hand. It was the first heard on the slats under the bed, on the wall and around the bedpost. To an unpracticed ear it is suggestive of telegraphy, but it is not that, and is more like the tippy-ti-tap of an impatient boy. Dr. Carritte, as the medical attendant, has endeavoured ta trace the noise to some agency, but has failed to do so. Esther has been placed sitting on the top of the bedclothes, where the slighest motion of her body could be observed, but though she has remained motionless the noise has continued. She has been seated on a chair placed on thick rugs in the middle of the floor, and the rapping was as if some one were tapping on the wall with the knuckles. Sometimes it taps on the legs of a table, a chair, a shelf—anything so long as Esther is present. More than this it is musical. It beats the measure of "Yankee Doodle" and "Somebody tapping at the Garden Gate" while it regularly keeps time with any one whistles or sings. During Esther's sickness it frequently slapped her in the face, causing much pain and leaving a conspicuous red mark. Esther is not a facile writer, but when she takes a pencil in her hand and places it against the wall, it is guided by an influence which she cannot resist, and writes sentences of which she has not the remote thought. We are sorry to say that some of these sentences are very wicked ones and are most horribly profane. The writing is not at all like Esther's, but it is said to be exactly like that of a certain young man. Not only is the language far from choice, and such as Esther is not capable of using, but the spelling is most atrocious. "I ded rit to her Cister," is intended to signify "I did write to her sister." The sentences are incoherent, but they have declared that they are from the man in question, and his latest proclamation is that there will be great sport in three weeks' time. On one occasion, the unknown is said to have scratched a word on the plaster when no one was present. A Mr. Campbell was in the house, and the name "Cammal" was scratched on the wall as if with a pin. The word is there, however it got there. The scratching noise, like nails scratching over a smooth board is heard frequently, and is enough to send the chill down the backs of nervous persons. The bed on which Esther has slept is marked in various places, as if a hot iron was rapidly passed over it in an irregular manner. On one occasion, when twelve persons were in the room, Esther lay in bed, with her hands outside the coverlid. The bed clothes were violently agitated; but the pillow acted as if literally "possessed of a devil." It would leap towards Esther's head, strike her and bound back, and this it continued to do several times. Two persons then took hold of the corners of it and stood several feet away from the bed. The pillow staightened itself out horizontally in the direction of Esther, and those who held it declare that a weight of twenty-five or thirty pounds seemed pulling against them. When it could not get away it elongated itself to its utmost capacity just as a piece of elastic rubber would do, and wriggled and squirmed like a leech in a jar of water. A hat placed on the bed stood on the edge of its rim and pirouetted and danced around as if suspended by a string. This was witnessed by at least a dozen persons, several of them being ladies of high respectability.

On Saturday last, we are told, Esther felt the influence at work on her shoe string, and in another moment, though the string had been tied in a hard knot, the boot was unlaced.

LATER MANIFESTATIONS

are in the nature of chair and table tippings. A few days ago the cradle in which the baby was lying was rocked for some time by invisible hands. An ordinary wooden chair on which Esther was sitting, with her feet on the rug, began to tip backwards and forwards, and she was rocked as if in a rocking-chair. Chairs follow her. She went to the street door, and a chair followed her the entire distance. She went into the pantry, closing the door after her, and when she came out every chair in the kitchen had piled itself against its neighbor at the door, as if seeking admittance. On Tuesday, when she was walking through the cellar, a basket of beets took a notion to follow her, and travelled actively over the floor, accommodating itself with great ease to any irregularities in the planking. Another curious thing, at times, is the action of the water in a pail when Esther is present. The water will be violently agitated into a whirlpool, and will foam like the waves of the tide.

Among the clergymen who have visited the house are Rev. Messrs. Temple, Jarvis, and Sutcliffe, of Amherst, and Rev. Edwin Clay, M. D., of Pugwash. The latter well known gentleman is a biologist and is thoroughly versed in what is known as physchology and animal magnetism. He came under the impression that he could put an end to the disturbance, but after devoting the best part of two days to the effort he went away baffled, and wholly unable to account for the manifestations, of the existence of which he had such positive face to face proof.

The Yarmouth *Herald*, referring to the mystery, says:—"A similar case in Yarmouth about seventy years ago attracted much local attention, and has been familiarly known as the 'Rub-a-dub.' There are persons still living who remember the excitement it created at the time."

DELAYED DISPATCHES.

EUROPE.

LONDON, Nov. 28.—An approximate statement of the affairs of the firm of Smith, Fleming & Co., of London, whose failure was announced Oct. 3d, shows gross liabilities amounting to $14,557,425, but only $8,132,975 of this is expected to rank against the estate. Assets are $1,426,915, or less than three shillings and sixpence on the pound of the $8,132,975, and after the costs of liquidation are paid will not yield two shillings on the pound sterling. The *Times'* financial column says: "One of the partners has stated the house would have stopped long ago but for the intervention of the manager of the City of Glasgow Bank. Whoever may be responsible for it, this failure must be ranked among the most disgraceful and disastrous of our time."

LONDON, Nov. 26.—J. & J. Fenton & Sons, private bankers of Rochdale and Heywood, have suspended. Liabilities in Rochdale alone, $2,500,000. The woolen trade is largely involved.

EASTERN STATES.

PHILADELPHIA, Nov. 27.—Robert Heller, the magician, died at the Continental Hotel in this city to-night, after a very brief illness. He gave an entertainment on Monday night last.

Canadian Mail.

[Per Steamship Dakota.]

QUEBEC, Nov. 17.—Hon. S. L. Tilley and Sir A. T. Galt sailed for England by the steamship Peruvian this morning. The vessel was gaily decorated with bunting. A number of M. P.'s called upon the Finance Minister on board, and urged the importance of a removal of the restrictions imposed by France on Canadian built ships. The hon. gentleman promised that the matter should have the most favorable consideration of the Government.

A daring system of forgeries was brought to light here to-day. Mr. McGie, a broker, cashed a check for $500 yesterday, drawn on an official form from the cheque book of the Department of Public Works, in the Local Government, and bearing an excellent resemblance to the signature of Hon. Mr. Joly. It was payable to the order of a Mr. Lachance, and had apparently been accepted by the Montreal Bank, on which it was drawn. It turned out on inspection that the bank had accepted it for five dollars, only, that two ciphers had been added to make it $500, and that the whole affair was likewise a forgery. Mr. McGie does not know the man who presented the check for payment, but a man named Goyette, superintendent of telegraph lines on the North Shore railway, is in custody on suspicion.

OTTAWA, Nov. 16.—Mr. Buckingham's appointment as Deputy Minister of the Interior, has been cancelled, but he will be permitted to occupy the position of first-class clerk in the Public Works Department—an office which he nominally held while acting as Mr. Mackenzie's Secretary.

Dr. Haney, member of the Local Legislature for Monck, died at Fenwick on Sunday night.

OTTAWA, Nov. 20.—A private dispatch from Perth this afternoon states that there is no talk there of Mr. Code making way for Hon. Mr. Morris in South Lanark.

ST. JOHNS, N. B. Nov. 21.—Dowd has confessed the murder of Ward and exonerated Mrs. Ward, who knew nothing about the deed until after it had been committed.

HALIFAX, Nov. 16.—The election for member for the House of Commons passed off quietly at the Magdalen Islands. Polling took place on the 8th, and resulted in a majority of 219 for Hon. Dr. Fortin.

The Nova Scotia Government is making several important changes in official departments. It is understood that John Costley, formerly head of the Dominion Statistical Office here, becomes Deputy Provincial Secretary, *vice* Herbert Crosstill removed. Robt. T. Murray, of the *Morning Herald* staff, Queen's printer, *vice* Chas. Backader removed.

TORONTO, Nov. 16.—Great excitement was caused in St. James Cathedral yesterday by a boy in the gallery firing off a pistol while Rev. Mr. Rainsford was engaged in reading the Fifth Commandment. The servcies were brought to a complete standstill, and the boy, frightened at what he had done, tore down stairs and out of the door before the astonished verger had succeeded in gathering his wits. It is supposed the young imp, having the weapon with him, could not resist playing with it, and so it went off. Nobody was hurt.

OTTAWA, Nov. 16.—It is said that the appointment of Mr. Boyer, as flour inspector, Montreal, is to be cancelled and Mr. Labelle appointed to the position.
